

Superior External Coating for Completion Tubulars

Rust Grip®

Since 2015, Workstrings has coated over 3,500,000 feet with zero tube corrosion downgrades

Rust Grip® is the leading external coating solution for minimizing pipe corrosion in completion and open water environments and is exclusively offered by Workstrings International.

Rust Grip® Coating provides a protective film of superior adhesion and flexibility, and is resistant to abrasion, impact, chemical solvents, and acid splash.

An application of Rust Grip® coating improves corrosion mitigation efforts when applied to completion and intervention tubulars.

Rust Grip® vs. Uncoated

Deep Inventory. Even Deeper Expertise.
